

dignity and respect
in all interactions

meaningful
communication
that is culturally
appropriate

be talked TO and
not ABOUT

receive a response
to all
communication...

...even if the
desired outcome is
not possible

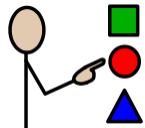

make comments
and share opinions

I have the right to...

participate across
settings as full
communication
partners

make choices from
meaningful
options

interact socially
and to build and
keep relationships

individualized,
working AAC
systems at all
times

Access services
and supports for
communication

express
preferences and
feelings

ask for, or refuse,
objects people and
actions

be given and
understand
information
